Lightning Detector

The BLF's at Covenant Park are monitored by a Lightning Detection System that is located on the roof of the SAC office building. All users of the facility are expected to follow the audible and visible alerts provided by this system:

- **1 tone** = Lightning is in the area, clear the fields. This is indicated by a red flashing light on the detection system.
- **3 tones** = Lightning has left the area, it is safe to use the fields. This is indicated by the lack of any flashing lights on the detection system.
